Ahmed M. Elbatal

(+2) 01117723548 **/** ahmed.elbatal954@gmail.com **/** http://www.linkedin.com/in/ahmedmahmoud437

SUMMARY

Detail-oriented, analytical, and self-driven programmer with **3 years** of extensive experience building user-facing applications. Efficient and knowledgeable coder with skills in **HTML, CSS, PHP**, and **JavaScript** programming languages. Coordinated and collaborative team player with attention to detail, **graphic design** skills, and ability to contribute to code base improvement initiatives and **Web Design improvement** projects.

EXPERIENCE

EEC Group, Cairo **-** EG　　　　*Full Stack Developer (PHP)*　　　　Apr.2022 – Current

- Led interactive website design project that generated **30%** more user clicks, boosting sales **10%**.
- Reduced time to **render the products list by 75%** by using Eager Loading.
- Design and update software database. This includes, but is not limited to: Software Applications, Web Sites, DataCommunication Processes, and User Interfaces.
- Work with experienced team members to conduct root cause analysis of issues, review new and existing code orperform unit testing & Tasks management using agile methodology and Trello.

ItSolun, Sharjah **-** UAE　　　　*Backend Developer (PHP)*　　　　Jul.2020 – Apr.2022

- Test, maintain, and recommend software improvements to ensure strong functionality and optimization.
- Multi-task and change from one task to another without loss of efficiency or composure.
- Knowledge of computer equipment and ability to develop complex software to satisfy design objectives.
- Understanding of Web Services protocols such as REST, SOAP, and API design for extensibility and portability.
- Independently install, customize, and integrate commercial software packages.

EDUCATION

Modern Academy　　　　2016 – 2020

Bachelor's degree in Computer Science,

- **Undergraduate Coursework**: Operating Systems; Databases; Algorithms; Programming Languages; Calculus III.
- **High Studies Diploma**: in Web Development, Ministry of Communications and Technology (2020)-at Greek Campus.

SKILLS

Back End	Front End	Data Pipelines
• PHP • Laravel • WordPress • MYSQL	• HTML • JavaScript • CSS • SASS	• Git • OOP • Scrum • Solid Principle
• Web Services • JSON • Java • MVC	• Bootstrap • UI/UX Principles • jQuery	• Linux • SEO • Agile methodology • Pusher
• AJAX • Server-Side Development	• Vue JS • Responsive Web Design	• GitHub • Jetstream • Trello • Postman
• RESTful APIs • MVC Architecture		

PROJECTS

POS Project
(https://github.com/ahmed12348/clothex)

• Developed and customized software for a retail store's POS system, including sales tracking, inventory management, and reporting functionalities.

• Collaborated with hardware vendors to select and set up appropriate peripherals, such as cash registers and barcode scanners.

• Implemented security measures, including encryption and user authentication, to safeguard sensitive customer data and payment information.

E-Learning Project
(https://github.com/ahmed12348/etrain)

• Led the development and implementation of an e-learning platform for a global corporate training program.

• Designed and implemented assessments and evaluations to measure learning outcomes and track learner progress.

• Implemented a responsive design approach to ensure the e-learning platform was accessible across various devices, including desktops, tablets, and mobile devices.

• Conducted user testing and gathered feedback to continuously improve the e-learning platform and ensure optimal user experience.

ERP System
(Sensitive)

• Played a key role in the implementation of an ERP system for a multinational manufacturing company, encompassing modules for finance, supply chain, and human resources.

• Collaborated with cross-functional teams to gather business requirements, design system workflows, and configure ERP modules to align with company processe

• Led data migration efforts, ensuring accurate and timely transfer of data from legacy systems to the ERP system
